The grease filter has a cleaning-sensor and is dishwasher safe. Additional charge for matte colours, PVD copper, steel, black steel or brass in brushed or high-gloss finish.
This model has a seam running down one side. You can specify whether the seam should be on the right or the left to make it less visible in the room, and we will adjust the motor and controls inside.
* The Stove Guard PCU is highly recommended and allows the hood to cut the power to any electrical hob in fire emergency.
